REGULAR SESSION · 1935-1936

THE CALIFORNIA SCHOOL OF FINE ARTS was founded by the San Francisco Art Association in 1874; in 1893 it was affiliated with the University of California. The present School buildings, specially designed for the study of art, with large studios and modern equipment, are situated at Chestnut and Jones Streets on the brow of Russian Hill overlooking the Bay of San Francisco.

It is the purpose of the Art Association to maintain this School for the continual promotion and furtherance of the functions of art, and to provide art students an opportunity for development, and the sound technical training necessary to the freedom of creative expression in the Fine and Applied Arts and as Teachers of Art.

The 1935-1936 Session opens on Monday, August 19th.

ENROLLMENT AND INSTRUCTION

Students may enroll at any time.

No examination or previous instruction is required for the Fine Arts and professional courses of study.

Satisfactory work done in other institutions of high standing will be recognized in so far as it meets the requirements of this School. Elementary work will be given to beginners.

The instruction is individual, as well as by lectures and informal talks to the class, and students are given every opportunity to advance as rapidly as is consistent with sound training.

A four-year course in the study of the Fine Arts is offered to those students who desire carefully balanced training for professional work. A certificate of accomplishment will be issued on satisfactory completion of this course.

The regular courses include complete professional training in Advertising and Commercial Art.

TEACHERS OF ART: The California School of Fine Arts is accredited by the State Board of Education as a teacher training insti-

tution, offering to qualified students the special secondary credential in art—issued by the Board of Education. This credential entitles the holder to teach the subjects of Art and Crafts in the Public Schools of California.

The complete course comprises four years of comprehensive and systematic study of the fine and applied arts, with required educational and academic subjects, and must be preceded by graduation from an accredited four-year High School with at least 15 units of grade C or better, including 8 recommended units.

As all work given in this School is essentially practical in character, students completing this course would be equally prepared to enter the professional fields of Fine Arts and Commercial Art.

(Write for further information regarding this course.)

TERMS FOR UNITS OF CREDIT: The School will evaluate work done by students in terms of units of credit according to the regulations governing the granting of special Credentials and Certificates of the Arts Type, issued by the Commission of Credentials of the State Board of Education. "A unit or semester-hour is one recitation or lecture hour per week of prepared work carried for a period of eighteen (18) weeks, or of three (3) hours of laboratory work per week carried for a period of eighteen (18) weeks. Prepared work presupposes an average of at least two full hours of study in preparation for each hour of lecture or recitation."

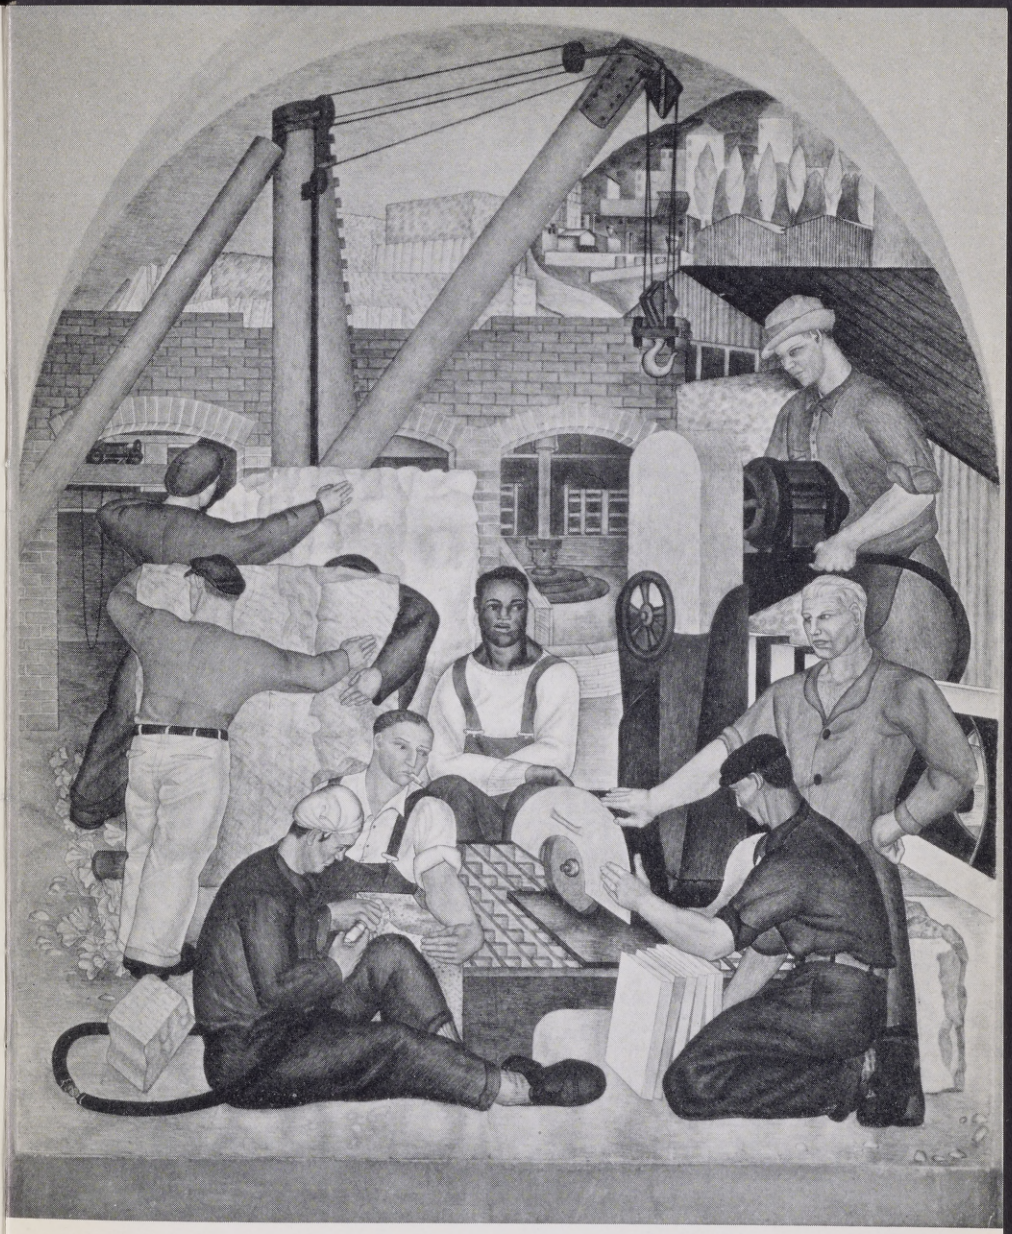
Students who desire credit for their work must sign a card to this effect at time of enrollment. A fee of two dollars is charged for the extra work this supervision entails.

The Faculty is composed of practicing artists, whose ability and experience as teachers insures competent direction of the students' work.

LIBRARY: One of the attractive features of the School buildings is the library-room. It contains many valuable books on art and the art magazines and periodicals.

THE ANNE BREMER MEMORIAL LIBRARY: Through the generosity of Mr. Albert M. Bender an addition to the regular School library has been founded, known as the Anne Bremer Memorial Library. It is now a reference collection of exceptional value.

LECTURES: A course of lectures given weekly throughout the year on the growth and development of art from ancient to modern times.



SCHOOL CALENDAR

CALENDAR FOR 1935-36: The first term opens Monday, August 19th, and closes Saturday, December 21, 1935. The second term opens Monday, January 6th, and closes Friday, May 15, 1936.

SCHOLARSHIPS AND PRIZE COMPETITIONS

The President and Board of Directors of the San Francisco Art Association have the honor to announce the inauguration this year of scholarships made possible through the munificent bequests of the late Senator James D. Phelan and of the late Abraham Rosenberg.

The scholarships heretofore available are also continued.

JAMES D. PHELAN FOREIGN TRAVELING SCHOLARSHIP: $2,000 to be awarded annually to a student under thirty years of age who has completed at least two consecutive years of study in the day or night courses of the school.

JAMES D. PHELAN TUITION SCHOLARSHIPS: Six scholarships entitling the recipients to a year's tuition in the school will be awarded annually to students who have completed at least one year of study in the day or night courses of this school.

THE ABRAHAM ROSENBERG SCHOLARSHIP FUND: A fund of $50,000.00, the income from which is "to be used and applied in the discretion" of the Association's Board of Directors "for a scholarship or scholarships to be awarded and paid in their discretion to worthy students of the Association." The income available from this fund will be used by the Board of Directors to provide scholarships from time to time, in such amounts as it deems proper in each instance, to enable or assist students who have shown marked talent to pursue such studies as will serve to develop that talent.

WILLIAMS SCHOLARSHIP: A yearly Scholarship in the School, founded by the late Dora Norton Williams as a memorial to her husband, Virgil Williams, will be awarded at the close of each regular session.

ANGUS GORDON BOGGS MEMORIAL SCHOLARSHIP: A yearly scholarship has been founded by Mrs. Angus Gordon Boggs as a memorial to her husband.

JUNIOR LEAGUE OF SAN FRANCISCO SCHOLARSHIP: A scholarship for the coming year is offered by the Junior League of San Francisco.

I. N. WALTER SCULPTURE PRIZE: From the income of a fund donated by Caroline Walter in memory of her husband, Isaac N. Walter, a cash prize will be awarded annually for the best student-work done in sculpture during the Regular Session.

THE ANNE BREMER MEMORIAL FUND: In memory of the late Anne Bremer, distinguished California painter and former active member of the San Francisco Art Association, a fund of over twenty-five thousand dollars has been created by public subscription, the income from which will be used each year for the aid and encouragement of deserving students of the School. In conjunction with the donations from this fund, the School awards yearly, to students enrolled in the School, two full-year scholarships and three half-year scholarships.

HIGH SCHOOL SCHOLARSHIPS: An annual competition for three scholarships is offered by the School at the close of the second term, open to all high school students of this state. Original work in either drawing, modeling, or design must be submitted not later than Monday, April 20, 1936. High schools will be sent further information in advance of this date.

Conditions governing the use of scholarship funds will be determined by the Board of Directors. The Directors reserve the right to alter or withhold scholarships if such action seems advisable.

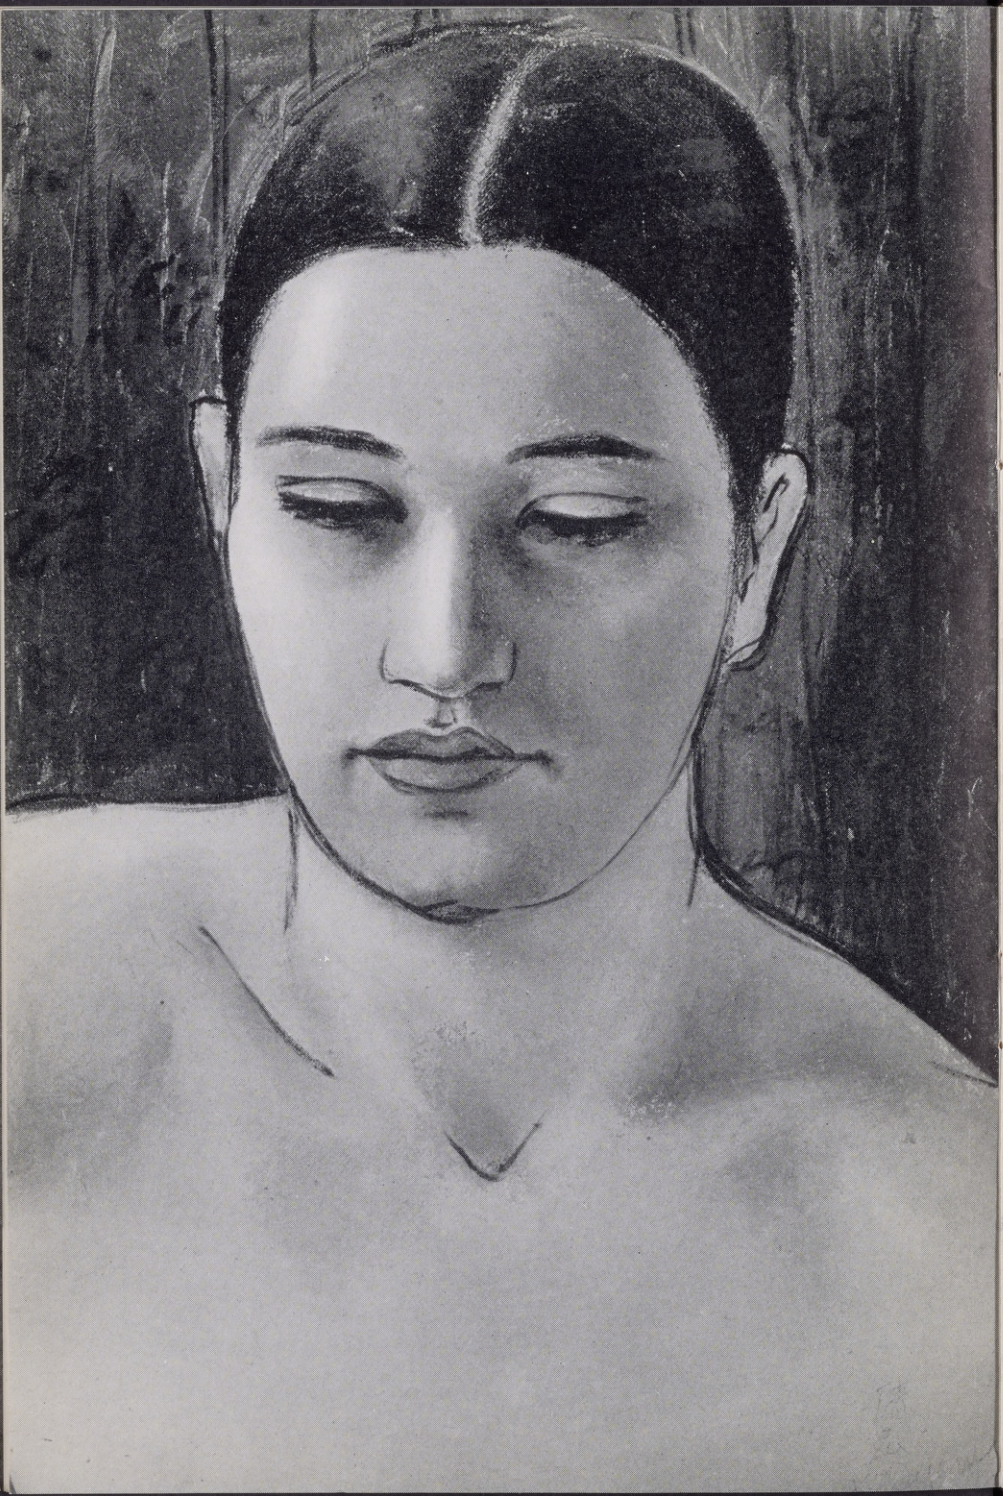
MISCELLANEOUS

SOCIAL ACTIVITIES: The Art Association buildings offer splendid opportunities for the inauguration of interesting social activities on the part of the School and Association.

ART GALLERY: Adjoining the patio is the Art Gallery, where special exhibitions and lectures are held throughout the season.

CAFETERIA AND DINING-ROOM: A pleasant room adjoining the terrace and School grounds where simple luncheons are served at moderate prices.

STORE: For convenience of students the School maintains a store where supplies may be purchased.



SUMMER SESSION, 1936

A Summer Session of six weeks will be held as usual next summer, June 22 to July 31, 1936. The courses offered are particularly organized to give those who have only the vacation period free for individual work—teachers especially, as well as many regular students of the School—the advantage of six weeks of intensive art study. Each summer, in addition to the fundamental instruction, special classes of exceptional interest are held. A catalogue of the Summer Session giving full detailed information is prepared in the spring and copies will be mailed on request.

REGULAR SESSION COURSES OF STUDY

LIFE CLASSES: Drawing is the basic subject of an artist's training and the direct highway to accomplishment, whatever the medium may be. Models pose for both long and short periods. As a knowledge of anatomy is so essential to good drawing of the human figure, all students working in the drawing classes are advised to attend the lecture of one hour on anatomy, given on Friday mornings.

ELEMENTARY COURSE: For beginning students a carefully planned course of study has been prepared which will offer a wide range and variety of subject-matter and is designed to give them a broad foundation on which to build their future work. It includes antique, object and life-drawing, still-life painting, theory and practice of color, imaginative drawing and composition, decorative design, and such related subjects as perspective, anatomy, and mechanical drawing.

Monday, Tuesday, Wednesday, Thursday, Friday, 9 to 12 and 1 to 4.
